

Geek Room F1 PREDICTOR 2026

TERMS AND CONDITIONS

Operated by Geek Room

Last updated: August 19, 2026

These Terms and Conditions ("Terms") govern access to and use of the Geek Room F1 Predictor website and any related mobile or web application (the "Platform"), operated by Geek Room ("Geek Room", "we", "us", or "our"). By creating an account, submitting a prediction, or otherwise using the Platform, you ("User", "Player", or "you") agree to be bound by these Terms. If you do not agree, please do not use the Platform.

1. Acceptance of Terms

Access to and use of the Platform is conditioned on your acceptance of and compliance with these Terms. These Terms apply to all visitors, users, and others who access or use the Platform. Continued use of the Platform after any update to these Terms constitutes acceptance of the revised Terms.

2. Eligibility and Minors

The Platform is open to Users from anywhere in the world and does not impose a strict minimum age for registration. There is no geographic restriction on who may register, submit predictions, and accumulate points.

Prize eligibility requires an Albanian address: Because physical prizes can only be shipped within the Republic of Albania (see Section 7), a valid delivery address located within Albanian territory is a mandatory condition for receiving a prize. A User residing outside Albania may play, compete, and appear on the Leaderboard, but will not be able to claim a physical prize unless they can provide a valid Albanian shipping address.

Separately, participation involves the collection of personal data and, for prize winners, the shipment of physical prizes, which requires legal capacity to enter into an agreement.

- Users who are under 18 years of age ("Minors") may register and participate only with the knowledge, supervision, and consent of a parent or legal guardian.
- A parent or legal guardian of a Minor is responsible for reviewing these Terms with the Minor and for any actions taken through the Minor's account.
- Where a Minor is selected as a weekly winner, Geek Room reserves the right to request written confirmation from a parent or legal guardian before a prize is dispatched.
- Geek Room reserves the right to request proof of age or identity at any time and to suspend an account where there is reasonable doubt as to a User's legal capacity to participate.

3. Nature of the Service - Game of Skill

The Geek Room F1 Predictor is a game of skill and knowledge. Outcomes are determined by the accuracy of a user's predictions regarding real-world, publicly observable Formula 1 event results, measured against objective, predetermined scoring criteria set out in Appendix A. The Platform does not involve staking money or anything of monetary value by the User in exchange for a chance to win, and no purchase or payment is required to participate or to be eligible for any prize.

Accordingly, the Platform is not a lottery, raffle, or game of chance, and is not intended to constitute gambling or betting activity under Albanian law. Nothing in these Terms should be construed as offering wagering services.

4. Account Registration

To participate, you must create an account and provide accurate and complete information, which may include your first name, last name, physical address, email address, phone number, and date of birth. You are responsible for maintaining the confidentiality of your login credentials and for all activity that occurs under your account.

- You must provide truthful and up-to-date information and correct it promptly if it changes.
- Each individual may hold only one (1) account. Operating multiple accounts is prohibited (see Section 8).
- You may request deletion of your account at any time by contacting us at info@geekroom.al.

5. How the Competition Works

Each Grand Prix weekend constitutes a separate scoring round ("Round"). To participate in a Round, Users must submit their predictions before the official start of Saturday Qualifying, covering: the Qualifying Top 3 order, an exact Pole Position lap time, the Sunday Race Podium Top 3 order, and the Race Conditions & Prop Events (Rain, Physical Safety Car, and exact DNF count).

Points are awarded per Round according to the Official Scoring Regulations set out in full in Appendix A, based on official FIA session and classification data. The maximum base score obtainable in a single Round, without bonus mechanics, is 129 points.

6. Third-Party Programs (DigitAlb & Raiffeisen)

6.1 DigitAlb 2× Multiplier Token

Users who verify an active DigitAlb subscription may receive up to three (3) Multiplier Tokens per season. Any active DigitAlb package qualifies for this benefit - Premium or Family, but not a trial 7day subscription - provided the subscription is active at the time of verification. A Token must be actively deployed before the Saturday Qualifying lock for a given Round; once deployed and the lock window closes, it is non-refundable and non-reversible, including in the event of a race cancellation, technical retirement, or driver DNS. Verification of DigitAlb subscription status is performed via DigitAlb's own systems; Geek Room relies on that verification and is not responsible for errors originating from DigitAlb's platform.

6.2 Raiffeisen Boost

Users who link a verified Raiffeisen Bank account code, issued via the Raiffeisen Youth App and registered under the same legal name as the User's Platform account, receive a flat bonus of fifteen (+15) points applied automatically to every Round of the season. Secondary name validation or cross-account linking is not permitted, and any mismatch will result in the bonus being withheld or revoked.

By linking a DigitAlb or Raiffeisen account, you consent to the limited exchange of verification data (such as subscription or account-holder status) between Geek Room and the relevant partner, solely for the purpose of confirming your eligibility for these bonus mechanics. Geek Room does not access your banking credentials, balances, or transaction history.

7. Prizes and Fulfillment

- A maximum of three (3) winners are recognized per Round, based on the highest weekly score. Ties are broken by comparing total accumulated season points to that Round; the higher season total prevails.
- Weekly winners are announced at the start of the following week on the Platform's Leaderboard and notified by email to their registered address.

- Prize delivery is limited to physical addresses within the Republic of Albania. If a winner's address is missing or invalid, Geek Room will contact the winner by email and allow a 14-day compliance window to provide a valid address; failure to respond within this period results in automatic forfeiture of the prize.
- Prizes are shipped via private courier at Geek Room's cost, are final, and may not be exchanged, substituted, or converted into a cash equivalent under any circumstance.
- All prizes awarded consist of official, authentic licensed merchandise from Formula 1 and/or its constituent teams. Geek Room does not distribute replica, counterfeit, or unlicensed products as prizes.

8. Prohibited Conduct and Fraud Prevention

Users agree not to engage in any of the following:

- Creating or operating more than one account per individual;
- Attempting to manipulate, exploit, or interfere with the scoring system, Leaderboard, or any Round result;
- Submitting false information during registration or prize fulfillment;
- Misusing the DigitAlb or Raiffeisen integrations, including attempting to link accounts not legally belonging to the User;
- Any other conduct that Geek Room reasonably considers to be fraudulent, abusive, or damaging to the integrity of the competition.

Geek Room reserves the right, at its sole discretion, to suspend or permanently delete a User's account, and to void any points, bonuses, or prize eligibility associated with it, immediately and without prior notice, where a violation of this Section is reasonably suspected.

9. Intellectual Property

All content on the Platform, including its design, graphics, scoring logic, text, and software, is the property of Geek Room or its licensors and is protected by applicable intellectual property laws. You may not copy, reproduce, distribute, or create derivative works from the Platform without prior written consent.

No affiliation with Formula 1: The Geek Room F1 Predictor is an independent, unofficial fan competition. Geek Room is not affiliated with, endorsed by, or officially connected to Formula One World Championship Limited, the FIA, or any Formula 1 team, driver, or sponsor. "F1", "Formula 1", and related marks are trademarks of their respective owners and are used solely for descriptive and identification purposes.

10. Privacy and Data Protection

Geek Room processes personal data (including name, surname, address, email, phone number, and date of birth) in accordance with Albanian Law No. 9887/2008 "On the Protection of Personal Data", as amended, and any applicable secondary legislation. Personal data is collected solely for the purposes of operating the Platform, verifying eligibility, communicating with Users, and fulfilling prizes, and is not sold to third parties.

Data may be shared with DigitAlb and Raiffeisen strictly to the extent described in Section 6, and with courier services strictly for the purpose of prize delivery. Users may request access to, correction of, or deletion of their personal data at any time by contacting info@geekroom.al.

11. Cookies and Tracking

The Platform uses cookies and similar tracking technologies, including functional cookies (necessary for account login and core features) and analytics cookies (such as Google Analytics), to understand usage patterns and

improve the Platform. By continuing to use the Platform, you consent to this use of cookies. You may manage or disable cookies through your browser settings, though this may affect certain features of the Platform.

12. Disclaimers and Limitation of Liability

The Platform is provided "as is" and "as available". Geek Room does not guarantee uninterrupted or error-free operation and is not responsible for delays or inaccuracies in official FIA data sources used for scoring. To the maximum extent permitted by Albanian law, Geek Room's total liability arising from your use of the Platform shall not exceed the value of the prize associated with the Round in question, and Geek Room shall not be liable for indirect, incidental, or consequential damages.

13. Force Majeure and Changes to Events

Geek Room is not responsible for the cancellation, postponement, or alteration of any Formula 1 session or event by the FIA, race promoters, or any third party. In such cases, Geek Room may, at its discretion, adjust, void, or reschedule the affected Round's scoring, and will communicate any such change on the Platform.

14. Dispute Resolution and Final Decisions

In the event of any dispute concerning the interpretation of these Terms, the calculation of points, the outcome of a Round, or eligibility for a prize, the decision of Geek Room's administration shall be final and binding on all Users. Users may raise concerns for review by contacting info@geekroom.al, but Geek Room is not obligated to alter a final decision once issued.

15. Termination

You may stop using the Platform and request deletion of your account at any time. Geek Room may suspend or terminate your access to the Platform, in whole or in part, for any breach of these Terms, or at its discretion for legitimate operational reasons, with or without prior notice as described in Section 8.

16. Modifications to These Terms

Geek Room may update these Terms from time to time to reflect changes in the competition, legal requirements, or its services. Material changes will be announced on the Platform prior to taking effect. Your continued use of the Platform after such changes constitutes your acceptance of the updated Terms.

17. Governing Law and Jurisdiction

These Terms are governed by and construed in accordance with the laws of the Republic of Albania. Any dispute arising out of or in connection with these Terms or the use of the Platform shall be subject to the exclusive jurisdiction of the competent courts of Albania.

18. Contact Us

For any questions regarding these Terms, the competition, or your personal data, please contact us at:

Email: info@geekroom.al

APPENDIX A

Official Scoring Regulations & Game Mechanics

A. Saturday Qualifying - Top 3 Positions (Max 24 pts)

Category	Exact Match	Podium (any position)
Pole Position (P1)	10 pts	5 pts if 2nd or 3rd
2nd Place (P2)	8 pts	4 pts if 1st or 3rd
3rd Place (P3)	6 pts	3 pts if 1st or 2nd

B. Pole Position Time - Tiebreaker (Max 27 pts)

Precision Level	Points	Notes
Minutes & Seconds (baseline)	2 pts	Required to unlock bonus points
Tenths of a second	7 pts total	2 base + 5 bonus
Hundredths of a second	12 pts total	2 base + 10 bonus
Thousandths (exact)	27 pts total	2 base + 25 bonus

If the baseline Minutes and Seconds do not match the official FIA timing sheets, 0 points are awarded, regardless of the millisecond prediction.

C. Sunday Race - Podium Top 3 Positions (Max 58 pts)

Category	Exact Match	Podium (any position)
Race Winner (P1)	25 pts	10 pts if 2nd or 3rd
2nd Place (P2)	18 pts	8 pts if 1st or 3rd
3rd Place (P3)	15 pts	6 pts if 1st or 2nd

D. Track Conditions & Prop Events - All-or-Nothing (Max 20 pts)

Category	Points	Notes
Rain Deployment (Yes/No)	5 pts	Per official FIA wet-track confirmation
Physical Safety Car (Yes/No)	5 pts	Excludes Virtual Safety Car
Exact DNF Count	10 pts	Must exactly match official classification

Maximum Base Event Score: 129 points

With a DigitAlb Multiplier Token deployed, the maximum single-weekend score rises to 258 points. The Raiffeisen Boost adds a further flat +15 points per Round for verified accounts, applied independently of the multiplier.
